A Tesla Model 3 Long Range was purchased in the first week of June 2021. I took Amtrak to Newark, NJ., then an Uber to Paramus, NJ where the car was ready to drive. Why NJ? If I picked it up in MA, which is the closest delivery center, I would have had to pay two state sales taxes - one for MA and then one in ME. NJ does not put a sales tax on cars that are being registered out-of-state.

It now resides in our garage.
